Help Check Influenza?

Local People Urged to Help Prevent Epidemic Spreading

Eat Wisely, Exercise Regularly, Keep Away From Crowded Places and Treat All Colds Promptly

Medical authorities now agree that influenza is a germ disease most commonly spread by breathing in the germs. If the and helping the vapors to break system is in good shape the up the congestion. If you feel membrane of the air passages in a healthy condition these germs do not usually breed. It is only when the bodily resistwith the company and returned to ance is lowered that the germs work Monday. do the most harm.

Start Protective Treatment at Once

Right now while influenza is so prevalent every precaution should be taken to protect the air passages. When you feel one of these "Flu Colds" coming on don't wait; start the following treatment at once:

Get a jar of Vicks VapoRub and place some up each nostril or melt some in a bowl of hot water and inhale its medicated vapors. This helps to keep the air passages in a healthy condition, thus making it difficult for the germs to breed.

At bedtime take a laxative, you are constipated, and rub Vicks VapoRub on the throat and chest. Vicks medicated vapor sare then released by the heat of the body, and breathed in all night long, direct to the air possages. At the same time, Vicks acts through the skin like an old fashioned poultice, drawing out tightness and pain feverish call a physician.

Avoid Crowds and Use Vicks Freely

It is best to keep away from sneezers and coughers in street cars and public places. If you must go out in crowded places insert some Vicks up each nostril before starting out. On returning home meltsome Vicks in hot water and inhale the vapors. This is a simple precaution which everyone should take to prevent the flu spreading as it did in 1918 when millions of lives were lost.

laughs makes "Moran" one of his finest to date.

Ruth Elder, the pretty aviatrix who drew so much attention with her almost successful flight across the Atlantic, makes her professional motion picture debut in this picture. She performs in a veteran manner, and impresses one as being a natural screen "find."

Dix plays an irresponsible youngster who excites his rich uncle's ire by getting into jail. He wants to go to China because the girl he has "fallen" for is going there, so he telects the United States Marine corps to send him there. What he hasn't found out, however, is that the young lady is the daughter of the marine general.

The picture is one of quick action in which members of the supporting cast rise to the occasion. Roscoe Karne gives an admirable characterization of Dix's biddy, and Duke Mar'tin portrays a hard boiled sergeant in a typical manner. Brooks Benedict does excellent "menacing"
